ESSENTIAL JOB FUNCTIONS

Essential job functions are the fundamental duties of a position: the things a person holding the job absolutely must be able to do.

To actively support and uphold the City's stated mission and values. To plan, organize, assign, supervise and coordinate the daily work of crews and contractors involved in vehicle and equipment repair and maintenance. To maintain the City's infrastructure systems and assets to its highest level, by reducing cost and providing seamless service to customers.

OTHER DUTIES AS ASSIGNED

Please note this job description is not designed to cover or contain a comprehensive listing of all activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

- Select, train, motivate, track, assign, and oversee the work of staff; establish schedules and methods for work performed; and ensure adherence to proper workgroup procedures and policies;
- Utilize software and technology efficiently to coordinate shop workflow, assign workload to staff, create work orders and update workflow in the City's Fleet Management Information System (FMIS); review completed work orders for correct information regarding labor times, job notes, and parts and fluid charges.
- Review organizational goals and objectives; establish and discuss job duties and performance expectations; set performance goals;
- Develop and implement cost saving measures and operational goals to achieve overall efficiencies; implement and oversee employee and/or operational efficiency improvement projects and processes as directed.
- Determine equipment and supply needs; evaluate and monitor equipment performance; requisition supplies and materials; and make routine and emergency purchases as required;
- Participate in preparation of the workgroup budget; monitor, review, approve and control expenditures including purchases; assist with the preparation of divisional budget requests and recommendations;
- Responsible for the design, implementation, and maintenance of data in various computerized systems; identify and analyze problems; develop and present solutions from analyzed data;
- Demonstrate superior seamless customer service by coordinating workgroup activities with other divisions, city departments, and outside agencies with the commitment to innovation and integrity;
- Communicate and act as a liaison with other local and national municipalities and service providers; develop relationships to obtain statistical data; and benchmark core industry functions against other local and national industry functions;
- Become a member of and participate in local and national industry organizations; research and evaluate new ideas, concepts, products, services, and equipment options; make recommendations and assist in implementation of the aforementioned;
- Act as a support to citizen advisory boards, commissions and committees;
- Communicate verbally with customers, clients or the public in face-to-face, one-to-one settings, in group settings, or using the telephone;
- Produce written documents meeting management expectations regarding content and formatting;
- Review and check the work products of others to ensure conformance standards; implement coordination of divisional training for employees;
- Identify areas needing repair and maintenance and take corrective action;
- Oversee and participate in all related aspects of maintenance for assigned area;
- Ensure proper records, daily logs, and inventories of restricted use and/or other chemicals are in compliance with regulating agency;

- Develop guidelines and requirements for projects in assigned areas, including reviewing and approving plans; prepare specifications for contracts; inspect the work of contractors; prepare inspection reports and maintain records of all areas maintained under contract; and ensure proper compliance with contract conditions;
- Oversee and manage specific work areas and complete special projects;
- Negotiate resolutions of problems and contractual agreements, both internal and external to the organization;
- Oversee volunteer program in appropriate work areas; monitor volunteer work assignments and projects; review work product along with methods and procedures;
- Provide pro-active performance planning utilizing performance management tools;
- Perform related duties as assigned.

PHYSICAL DEMANDS AND WORK ENVIRONMENT

- Lift heavy objects (up to 50 lbs.);
- Operate city vehicles;
- Operate city equipment (i.e. backhoe, aerial lift, forklift);
- Use tools (i.e. hammers, wrenches, and other hand tools);
- Climb stairways and ladders;
- Traverse uneven surfaces during site visits;
- Operate computers and other office machines using repetitive hand/eye movement;
- Work out-of-doors in inclement weather during site visits;
- Exposure to heat, cold, dampness, dust, pollen, odors, fumes, etc.;
- Exposure to hazards of electrical shock, falls, noise, equipment operation, etc.;
- Exposure to blood and airborne pathogens; bodily fluids, etc.;
- Exposure to chemicals, petroleum products, cleaning agents, fumes, etc from PVC glue, pesticides, graffiti remover;
- May require working extended hours;
- May work alone for extended periods of time.
